Elite Rug Cleaning employs experts than can clean valuable wool rugs. When cleaning valuable oriental and wool area rugs, we often recommend cleaning them at our plant where specialized equipment ensures a deeper, more thorough rug cleaning. Once cleaned, they are hung and quickly dried using air movers and dehumidifiers.

Silk Rugs do not just look pretty on the floors, but they also make the room warm and inviting. However, if rugs and carpets are taken good care, then they shall remain in top shape for a long time to come.

Whether you have a silk rug adorning your living room or a woolen rug in your bedroom, it is quite natural for you to ensure that whoever touches that rug for cleaning takes great care of it. If you are looking for the ideal Silk Rug Cleaning and repair, we are the company to call.

We also offer stain protection for area rugs. It replaces the original manufacturer protection that breaks down or wears off over time. Stain protection makes it easier to clean up spills before they can cause stains.
